

Science Light

L.O. To recognise that we need light in order to see things and that dark is the absence of light.

Look at the following BBC bitesize link. There is a video to watch about light. You can then also fill in the missing words about light and complete a quiz. Have a go and see how much you know about light.

<https://www.bbc.co.uk/bitesize/topics/zbssgk7/articles/z2s4xfr>

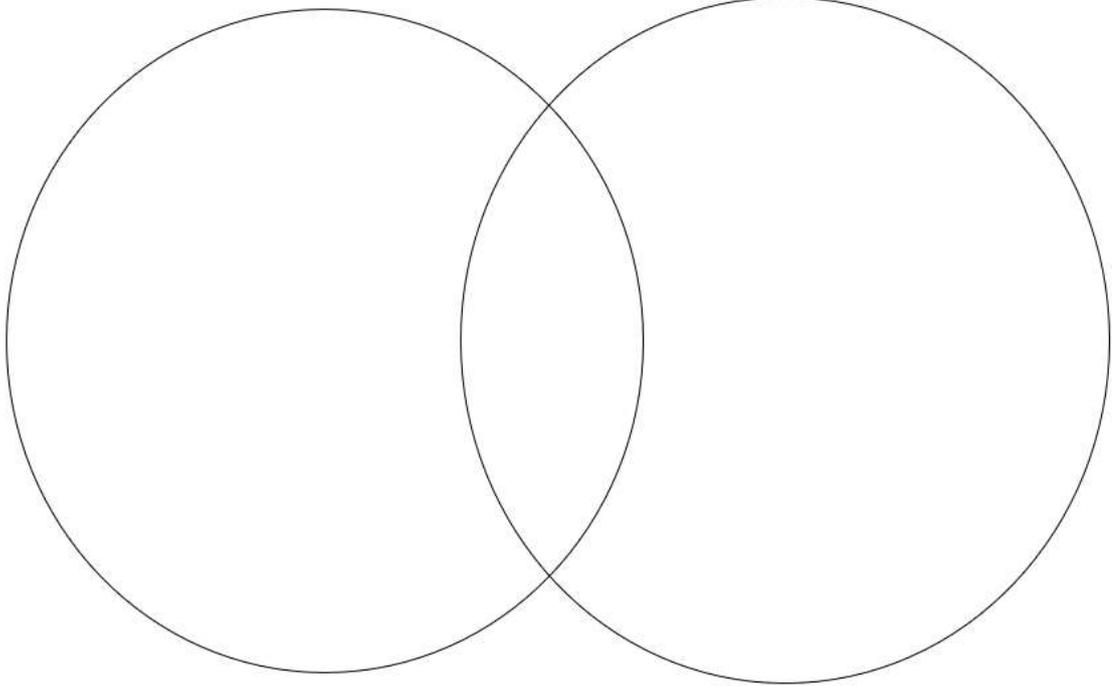

Are these objects light sources? Make a list of Yes or No for the items below.

Next either print out or draw the Venn diagram. You then need to decide if the different light sources are natural or man-made (You can stick these or write them in the correct place. If they are not a sources of light put them around the outside.

Natural light source

Man-made light source

Jar

Moon

Candle

Eyes

Sun

Book

Fire

Torch

Fireworks

Light bulb

Stars

Firefly

CD

Glow worm

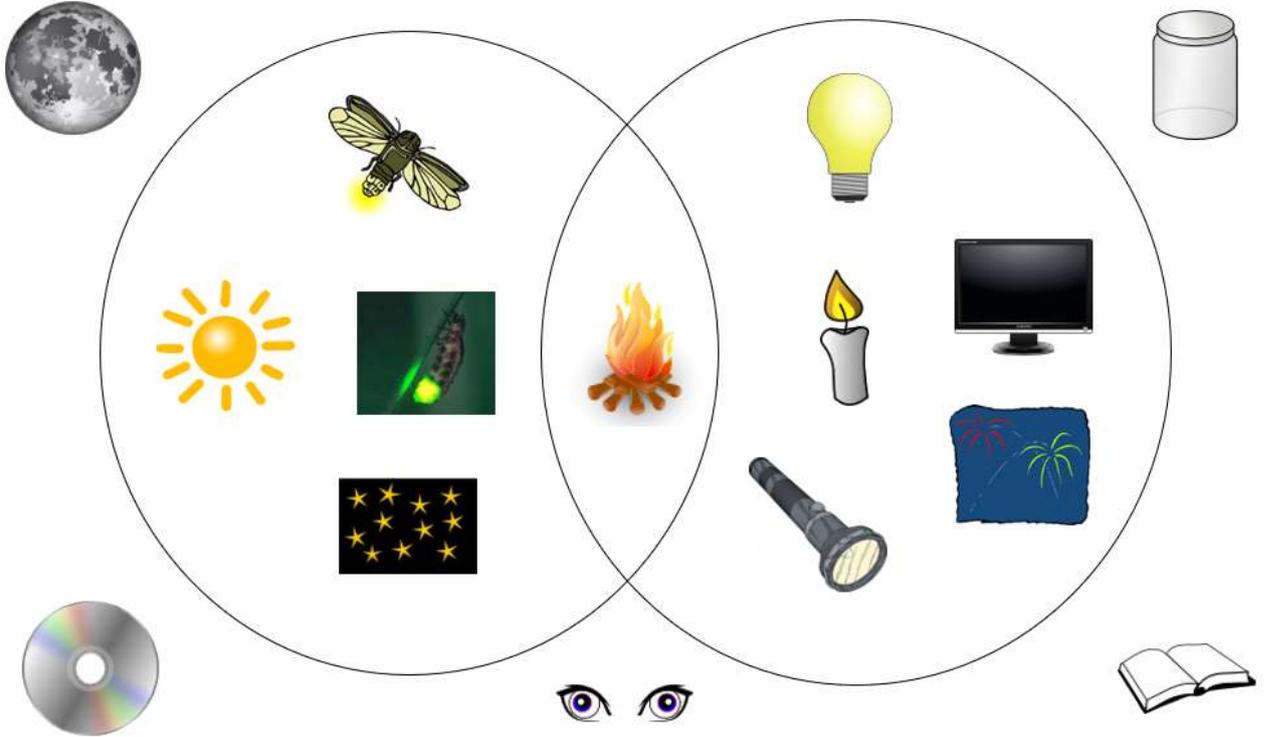

TV

Answers

Natural light source

Man-made light source

Extension: Write a sentence to explain on why each item you have put outside the ovals is not a light source.
