

Mini Mash Home Learning Tasks wb 1.6.20

Find the 'Reading and writing' section (the teacher with the book). Go into the 'Alphabet slideshows' and scroll along until you find the 'Alphabet pairs' games. See how many pairs of letters you can match. Do you know what sound each of the letters makes?

Go to the 'trays' section and find your own tray with your name on it. Look inside and find the labelling quiz : How do we use water? Can you drag and drop the correct labels onto each picture before the time runs out? (Ask an adult to help you read the labels).

Go to the 'Numbers and counting' section (building blocks) and click on them. There are various measuring tasks to complete - comparing taller / shorter and longer / shorter. Look at the pictures – adults, model the language and let the children decide which is which!

Go outside (click on the door) and find the 'Music' section – with the instruments. Find the '2Beat' section (you may have visited this before). Can you make up and record some of your own rhythms using the instruments? Listen to them by playing them back, then save them into your drawer.

Have fun!
