

Adults, our new theme is Amazing Animals. This activity is a good introduction to get your child thinking about different kinds of animals. Please explain this activity to your child and encourage them to think of their own ideas too. Have fun!

Move like each of these animals

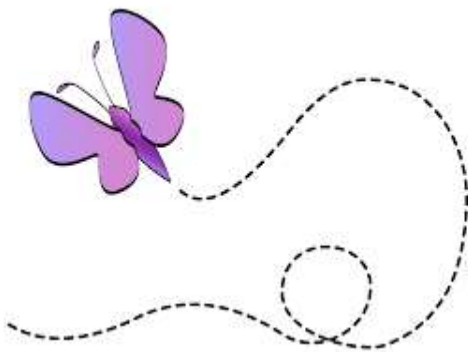

Gallop like a horse.

Wiggle like a worm.

Jump like a rabbit.

Flutter and fly like a butterfly.

Now can you think of some other animals to move like? Get your family to guess which animal you are.
